Behavior-Based Leadership

Influence Performance

Leadership skill developing or enhancing for:

People who are leaders of: Individuals (trainers, leads, mentors; 1-to-1 leadership) Small groups/teams (Supervisors, Managers; leaders of small teams) Anyone who is responsible for the behavior of others.

Perfect for:

- Trainers, Leads, front-line supervisors and managers
- Support supervisors and managers
- Clerical supervisors and managers
- I.T. supervisors and Managers
- or anyone who is the leader of small groups of employees.

What they will learn:

Leadership competency enhancing skills based on psychology, behavioral and social science leadership theories, and practices.

Focusing on four key leadership areas:

- Leading Individuals for Motivation, Satisfaction and Performance
- Leading Teams/Groups
- Effective use of a leader's role/authority/power
- Creating an ethical climate and communicating throughout the organization

How will this help me or my organization?

Increase understanding of the behavior of people in your business

Increase accountability by employees

Reduce liability for the organization

Explore your own leadership potential while developing proven leadership skills.

Presenter: *Dr. Chris Fuzie is owner of CMF Leadership Consulting. Chris is a developer, trainer, consultant for leadership of public, private, profit, and non-profit organizations. Chris holds a Doctor of Education (Ed. D), M.A. and B.A. in Organizational Leadership, and has graduate certificates in Human Resources and Criminal Justice Education.
